Dear Mr. Dow:

As front-line EMTs and paramedics, we provide safe transport and emergency care throughout Washoe County every day. However, we have no voice in the discussions at RASI-REMSA that impact our patients, families, and professions. To overcome the challenges we face and build a better future in EMS, we have decided to exercise our right to collective bargaining.

We are notifying the National Labor Relations Board of our intent to form a union with the American Federation of State, County and Municipal Employees Local 4041, AFLCIO (EMS Workers United). By standing together, we will advocate for the best possible service for our patients, fairness for our families, and higher standards in our profession.

We and the majority of coworkers have already signed membership cards and are united to build a better future at RASI-REMSA. We ask that you recognize our union today so that we can begin negotiations on how to best improve our local operations and advance our profession.

Sincerely,  
RASI-REMSA Organizing Committee
